Description :

PDF-6a375 | Available in hardback and Kindle - The world is still recovering from the most recent global recession associated with the 2008-09 financial crisis and the possibility of another downturn persists as the global economy struggles to regain lost ground. But, what is a global recession? What is a global recovery? What really happens during these episodes? As the debates about the recent global recess... *Collapse And Revival: Understanding Global Recessions And Recoveries*
