Description :

PDF-79e84 | This book has two aims. First, to consider how risk, crisis and security, may be linked in an organisational context. Second, to review the role of, simulation and gaming in responding to these phenomena. Historically, risk has been an established concept of academic interest for some time in both the pure and social sciences. Risk however, remains a subject of intense social and political contro... *Risk, Crisis and Security Management*
