: The Human Side of Managing Technological Innovation: A Collection of Readings

ISBN : #0195135318 | Date : 2003-07-24

Description :

PDF-20869 | Organizations competing in today's rapidly changing technological markets are faced with the challenges of "dualism"--operating efficiently in the present while innovating effectively for the future. Managers and leaders within these organizations not only have to focus on current market success and profitability, but they must also introduce the next generation of technical advances, product attr... *The Human Side of Managing Technological Innovation: A Collection of Readings*
