Description :

PDF-d4985 | Many organisations have spent small fortunes to set up risk processes and supporting tools which then fail to deliver the expected value. This is because rational processes don't work well when trying to get groups of people to agree what is risky, why and what to do about it. If you need to make sound decisions in important but risky situations; work with groups to identify, prioritise and respo... *A Short Guide to Facilitating Risk Management: Engaging People to Identify, Own and Manage Risk (Short Guides to Business Risk)*
