Description :

PDF-99941 | Wall Street believes that all public companies should grow smoothly and continuously, as evidenced by ever-increasing quarterly earnings, and that all companies either "grow or die." Introducing a research-based growth model called "Smart Growth," Edward D. Hess challenges this ethos and its dangerous mentality, which often deters real growth and pressures businesses to create, manufacture, and pu... *Smart Growth: Building an Enduring Business by Managing the Risks of Growth (Columbia Business School Publishing)*
